CAREER SUMMARY.

I am Fardeen Khan from Sukkur, a motivated and detail-oriented Front-End Developer skilled in HTML, CSS, Tailwind CSS, JavaScript, and React.js. I am passionate about building responsive, modern, and user-friendly web interfaces with clean and efficient code. Currently pursuing a BS in Mathematics at Shah Abdul Latif University, I am continuously enhancing my problem-solving, UI development, and front-end programming skills to create high-quality web experiences.

SKILLS AND STRENGTHS .

- Proficient in HTML, CSS, Tailwind CSS, JavaScript, and React.js.
- Strong problem-solving, analytical thinking, and debugging skills.
- Ability to develop responsive, modern, and user-friendly web interfaces.
- Quick learner with the ability to adapt to new tools, technologies, and frameworks.
- Good teamwork, communication, and time management skills.
- Knowledge of clean code practices and responsive web design principles.

PROFESSIONAL ACCOMPLISHMENTS.

- Designed and developed a responsive Portfolio Website to showcase professional skills, projects, and experience with a modern and user-friendly interface.
- Built a Real Estate Agency Website featuring property listings, attractive layouts, and responsive design to enhance the user experience.
- Developed a responsive E-commerce Website with modern product layouts, intuitive navigation, and a clean user interface for an engaging online shopping experience.

WORK HISTORY.

Learning Phase | Jan 2022 – Jan 2023

- Learned the fundamentals of web development, including HTML, CSS, JavaScript, and Python through hands-on practice and personal projects.

Freelance Front-End Developer | Jan 2023 – Apr 2024

- Practiced building responsive websites and user interfaces using HTML, CSS, JavaScript, and modern web design techniques.

Front-End Development & Skill Enhancement | Apr 2024 – Dec 2025

- Improved front-end development skills by learning responsive design, Tailwind CSS, JavaScript, and modern UI development practices.

Freelance Front-End Developer | Dec 2025 – Present

- Developing responsive, modern, and user-friendly websites using HTML, CSS, Tailwind CSS, JavaScript, and React.js.
